I was so excited to try some new pairing with my favorite cheeses! A huge improvement over my usual water crackers and grapes! I made the stewed strawberries last night! Next I'm going to try the cashew brittle! The recipe and instructions makes it seem so easy. Can't wait!

If you always feel like there should be better pairings on your cheese plate, this is the book for you! Don't settle for almonds and olives, this book will take you to the next level!

Love it! Can't wait to go to Casellula next time I am in New York. Can't wait to go cheese shopping later this afternoon!
