Customer Reviews

I love to sing jamie's songs, but the arrangements are not accompaniments!His melodies are all written in the piano part.Would be great for a lounge pianist.

These aren't the notes that he's playing in the recordings - it's some mix of those and a melody line. A bit dissapointed.

Jamie Cullum's demonstrates his Jazzy Blues Sound mixed with Blue Eyed Soul. His Silky Smooth voice reminds of Michael Buble with an edge.Jamie combines his ability to write ballads, capture complex Jazz rhythms on the keyboard or write a pop sounding rockers is on displayon "The Pursuit".
