Customer Reviews

This is a great book. I originally picked it up at the library, not realizing (when I logged on via modem) that it was for kids. It has some great, fun projects, colorfully and appealingly illustrated, which makes it great for kids and informative for adults as well. I went out and bought a copy shortly afterwards. I've made one project in it (the jester hat), which turned out GREAT, and have others planned. Good, simple, fun and appealing book--well done!

This book is extremely helpful for beginning-intermediaate crafters! It gave me many of ideas on what to do with my growing supply of fleece. It contains great projects like blanket in a pillow, fleece

frog, and pom pom hat! This is truly a great book!

I needed to make a jester's hat for a school play and wanted to make a fleece one so it could be used again in the winter. This book provided a pattern and easy directions. The hat was fast and looked great. The patterns are easy enough for kids to make - great beginning sewing projects.

I teach sewing to children ages 5 and up and I was looking for some craft ideas when I purchased this book. What I found was some of the projects were too hard for beginners and some were "No Sew" projects. All in all it was alright for a crafting book.
