Age Range: 8 - 12 years

Grade Level: 3 - 4

Customer Reviews

My twin boys are fascinated at the moment with all things ninja. This book is an interesting introduction to the historical ninja. The concept places you in charge of the storyline, as you pick your mission and critical decisions. One of the primary lessons we learned, however, was how dangerous was the life of a ninja! Many of the outcomes were death. My husband found it too violent, but the kids were interested enough to follow several paths to the final outcome.

If you haven't read one of these you choose books - grab one today! If you have a child who doesn't like to read, this will have them not wanting to put the book down. If you have a reader who loves

them - be ready to purchase more quickly! Hint:I found 25 of them at our local library! I think they make great gifts that can start a child on the adventure that these books offer, an adventure in reading and not electronics!

Life as a Ninja was a very fun book to read. I love that you can choose different paths resulting in various endings. I also like that there are 3 MAIN paths to link off of. The author was very smooth with the way he wrote. I especially like the main path 'The Band of Iga" because you could stay beside Ieyasu's side or go scout ahead.

Life as a Ninja was a very fun book to read. I love that you can choose different paths resulting in various endings. I also like that there are 3 MAIN paths to link off of.
