Age Range: 8 - 14 years

Grade Level: 5 - 9

## Customer Reviews

This book is part of a great series of drawing books. It has detailed drawings and easy to follow instructions. Perfect for my young artist (10 year old). Product arrived quickly and was exactly as expected.

This book is part of a great drawing series. It shows complete idiots (me) how to draw great, realistic animals. It also helps the accomplished younger artist (my daughter) to improve their work. Great animals, excellent advice, in a format that doesn't talk down to anyone. I have given several of these books as birthday gifts many times to anyone who likes to draw.

My son received a set of DRAW books as a gift when he was 8 and still uses them several times a month (he is now 12). We are fairly impressed with the results he is able to produce. The book takes the most simplistic approach to drawing, braking the process down to three steps (basic shapes, detailing, "cleaning up"). Each image includes 4 to 10 illustrations and the corresponding

instructions presented in an easy to understand format. The "Tips" section is worth reading as well. Highly recommended! You might also be interested in *Draw Really Cool Stuff*, which contains this book and 5 others.
