## Synopsis

Based on NAVTA-approved guidelines, Elsevier's Veterinary Assisting Textbook by Margi Sirois offers comprehensive coverage of the knowledge and skills you need for a successful career in veterinary assisting. You'll learn about the role of the veterinary assistant and how to perform key responsibilities of the job, including assisting the veterinary technician and the veterinarian by restraining animals, setting up equipment and supplies, cleaning and maintaining practice and laboratory facilities, and feeding and exercising patients. Targeted coverage addresses only those topics that are relevant to veterinary assisting. Authoritative content covers everything you need to know to pass the Approved Veterinary Assistant (AVA) exam and succeed in clinical practice. Authors and contributors are leading experts in veterinary medicine, veterinary technology, and veterinary assisting. Full-color format features a wealth of illustrations and photographs that clarify key concepts and enhance learning.

## Customer Reviews

The illustrations and pictures are in color, which makes it much more convenient for my students to understand them. Especially for the more complicated topics like directional terms and identifying microorganisms. Fabulous book and a good alternative to the TVA book (an oldie, but still a goodie!).

In much newer condition than was expected.

This book was shipped very quickly and was well packaged so that there was no damage whatsoever. The book is exactly what I was looking for.
