What a pity that this delightful cookbook is not more readily available!Replete with wonderful, appealing recipes from Gloria & Emilio Estefan's world reknown eateries, this is the perfect book for the Latin cook who enjoys the most scrumptious things life has to offer. This collection is beautifully illustrated & certainly appears to be quite easy to follow (any potential failures will most assuredly be my fault alone!) My wife & I (she is originally from Central America) just received La Cocina De Los Estefanautenticas Recetas Cubanas & we can't wait to try every recipe in this tantalizing book. The soups, appetizers, desserts, adult beverages & lunchtime fare (and so much more) all look mouth-watering! This book is a treat that we will enjoy for years to come! This is gonna be good!!

I love this book, I love food, Spanish specially and this book made it so much fun for me to cook new things, I love this book. I wanted to get a Dominican Cooking book, but I found this one and I am very happy. I have done a lot of the recepies and my husband is very happy with the food.When I have made the few dishes, I feel like I am eating at a restaurant.
