Customer Reviews

I got this book in the mail yesterday I love the pictures and games and 2 pages of stickers I love this band.If your a Big Time Rush fan please get this book.

My package was shipped in great time and in great condition but the problem I have is that the package was left at my door!!! I came home from work and the package was sitting there where anybody could have stolen it!! I was and still am very upset about that. I contacted Fedex Spot the company who shipped it and they said for fedex spot that they do not require a signature, which I think is crazy! I feel(and told them)that every delivery service should require a signature unless the person who paid for it(me) says other wise,which is crazy because you are taking a risk in losing money,which could be a lot! My package may have not been alot of money but it does not matter it's my money and I can't afford to lose a lil or a lot of it. So Fedex Spot and .com need to do better!

Got this for my granddaughter! She was so excited to get this! Great book, posters, stickers...anything you could ever want from your favorite group....and the price is right!

I had brought this for my daughter and she loves big time rush we just seen them live and they are great she loves her book now we wait for the dvds to come out

It was a gift for my niece. She really liked it! She completed all activities very quickly. I give it 4 stars because the stickers were very small.

Cute book! My daughter loves that she know all the answers to the questions, LOL! Loves the puzzles and the stickers.

Since Big Time Rush Ended I feel much happier in return to have a memory of my favorite boy band RUSHERS FOREVER:)

Great price, fast shipping , little hard for my 8 year old to read but she loved it
