Customer Reviews

I am a sucker for recipes. Due to the wide variety of tastes on this show, most of the recipes are not for me, but I enjoy reading them and sharing them with other food enthusiasts. I also found that most of the ingredients used are easily located in my local grocery store or market.

This is cute. Haven't gone clear through it yet but for under \$4, it was great!

Not too impressed by the recipes. Seems as if this was quickly thrown together and the recipes that were easiest to grab were thrown in and one of the stars' names were just attached to each recipe. There are a few quality recipes, however, I do not plan on buying the 2016 calendar.

Tjhis is an awesome calendar

christmas gift, and they loved it.

I love the Chew and I like this cookbook. I intend to buy others.
