Customer Reviews

Im am reading this series for the second time and I love them! The first time through though I compared the bible verses to what said in the book to make sure the authors weren't just making stuff up. These books are very incitefull as to what is coming when Jesus raptures his church. Very scary stuff. This series is a must read for everyone Christian and nonchristian alike.

The 5th trumpet judgment, the demonic locusts are very interesting. Though the previous book is the one where it starts, this is the one where it really takes place. The demonic locusts are around

almost the entire time which often makes things quite interesting and exciting. The authors are very creative at utilizing this, and other plagues, and making interesting stories.

I've read the Left Behind series twice now. Decided to read the kids version. It is interesting how the kids version weaves in with the adult version. Getting ready to read book 8 of the Young Trib Force.

I have thoroughly enjoyed The Young Trib Force series. Each book is well written and even though the characters are teenagers it is a good read for any adult. Great Christian fiction.

High excitement and adventure! This series is the next best thing to the original Left Behind series. Except easier to understand! Everyone needs to read these books!

In this book the kids are getting older and more in charge. Vickie is going out to speak to groups of teens in spite of the plague of demons.

I've read all 40 of these books! Love them!!! Now I'm reading them again in my kindle! Thank you for writing them!

I ordered the used version of this book expecting it to be in moderate condition. It was terrible. The spine was bent, and when I took off the cover I found green liquid smeared on it which smelled a little like vomit. I will never buy another used book from this site again..
