The Dress Book: Adult Colouring Book (Collette's Dresses) (Volume 1)

Synopsis

Do you love 1950s fashion? Then this is the book for you! Pretty dress designs for the fashionista to color! Bring out the inner designer in you with these beautiful dress designs and mandalas. You get to decide how they look, and choose what ever colors you desire. If youâ™re the type of colorist who likes to complete a project in one sitting then this is the book for you, most designs have been created to finish in an evening, some a little longer, so no more half finished designs that annoy you and nag you to get completed. Loose yourself in the designs and develop that peace and harmony that adult coloring books can give you. All dresses in this book are hand drawn with no digital enhancement to stay within the theme of the main era of the 1950â™s the artist is representing. The Mandalas were created using a mixture of both hand drawn and digital and represent a dress with a full circle skirt. Included are fantasy styles and couture gowns. There are 35 single sided drawings with bonus drawings from the artistâ™s next book. Created with love by Collette Renee Fergus, a New Zealand Artist . Press the âœAdd to Cartâ• button and get designing now.

I absolutely love this book. The dresses are well designed. The paper is not flimsy and I have used gel pens for a few of the pictures and the ink doesn't bleed. The pages aren't perforated but you can remove the pages with little effort. This book is a great collection of dresses inspired by 50s fashion,

the color possibilities and methods to color are endless. I can't wait for the next dress book by Collette.

Collette's coloring books are some of my favorites. I have almost 100, but always find myself reaching for one of her books. This was the first of her books that I purchased & I couldn't be happier. The drawings are very unique & super fun to color. I just ordered the second edition & I can't wait for it to come! I'd recommend any of her books, appropriate for both beginner & advanced colorists!

Hi there, I have bought several of this artist's items and this is by far the best Adult colouring book for the Vintage era for Adults. I purchased these on Amazon.co.uk but the feedback has not shown up here for her. I have given the two books to my friends young girls who are excited and colouring these in. I am now about to purchase two more. Fabulous talent and raw genuine Art Collette Fergus

I was so pleasantly surprised by this book. I have gotten so many that only have a couple pages I like to color, but with this one I don't know where I'm going to start and know I'm not going to want to stop! These images are the perfect size even with the detail to be able to shade and have the sky the limit, so many books make them too small with a shaky hand. I would love to be a part of a group that shares their colored pages if there is one. I GIVE THIS 5 PLUS STARS FOR MAKING MY DAY :)

Purchased this book for my daughter's birthday, she loves it! The book has a lovely glossy cover and the pictures are so pretty. Fantastic value for the money. Would definitely buy further items from this artist.
