Humble & Kind...it is a profound truth isn't it? We live in a world filled with them. We know that they are there because we were raised with them, practically from birth. As we get older, we find ourselves far too busy navigating ourselves from one place to another. So busy, in fact, that we forget to stop, roll down the window, and listen to the reminders that these truths speak. Inevitably,

they end up staring at us forlornly as we pass them by on the highway of life. I can hear the cries now, "We don't have time to stop! We have places to be and things to do!" But, how could we not have time? Are we so driven to get to where we think we need to go that we can't stop, even for just a moment? It seems that we would just rather drive right over everything and everyone without thought to the truths in which we were brought up. Taking time out is just another bump in the road that we can't afford, right? But sometimes the truths have a way of reaching us despite every obstacle thrown at them. They are quite remarkable that way. While on a long stretch of road, they know we will inevitably reach out to turn on the one medium that will keep us focused on the drive ahead. It is in that moment that the truths will speak volumes in a very simple and melodic way that stops us dead in our tracks. *Humble & Kind*, as sung by Tim McGraw, delivers one of the most profound truths we have. No matter what, we should always stay humble and kind. In the companion and keepsake book entitled the same, we find McGraw relating his own life experiences and reminding us that through the power of art, we can invoke the ability in all of us to reflect and act on this truth.
