Customer Reviews

This book is perfect for the 1st grade level reader. My son read this to his little brother. Both of them enjoyed the story and the full-color photographs of lego duplo characters.

my four year dloves it- can read it by himself- could use a little more sorry to it- but adorable

He didn't really seemed interested after playing with it for 1 hour on my kindle. He is 7 years old so maybe he is to old for the game.

A perfect reader for first grade little boys who love legos. They want to read the book over and over!
