Customer Reviews

This is a great little set. Unfortunately, the last page of the book ruined it for me. After "By building the ark, Noah helped save the animals of the world long ago." It talks about the need to save animals of this day because of people who hunt them. The animals they mention are endangered species, but I hardly think it's appropriate to mention this in a children's book which teaches about the simple, but meaningful story of Noah. Not the right place to do it. The rest of the book is GREAT and would be such a shame to get rid of, so as a solution, I placed animal stickers over the 2 sentences on the left, then a piece of paper with a Bible verse on the other side.
