## Customer Reviews

I have been helping to Spanish language speakeea ro master the English language. This cheat sheet ia an invaluable tool as it can be referred to as a quick reference or used to memorize common English word and phrases.

I'm going back to school (all online) and two of my classes are English Composition I and II. It has been A VERY LONG TIME since I've been in school and felt this quick guide would be helpful with studying and almost "relearning" the proper English language and certain things I have forgotten.

A nice quick reference guide for English Language Learners. I used it with a High-Intermediate group of adult students. I bought one for each, and we spent a couple of months going over it a section at a time, and devising lessons that elaborated on the topic. It was a great organizer for lessons, and gave the students practice at using the guide. My students still refer to it at times, and I know they are glad to have it.

The price of the item is less than 5 dollars. Do not overpay. It is only good for beginners. Has two

sheets (not three as similar products for other languages).
