Customer Reviews

I have purchased three of these books in this series. I liked this story and my son enjoyed it as well. The thing is that this version has Chinese characters as well as English in it. It seems like a neat idea but it comes off as too busy on the page.

Cute stories. We have the year of the dragon, horse, sheep, and now Monkey. I liked the illustrations of the previous years. They were cuter, and this one is trying to be more realistic. But

the story is fun if not a bit repetitive. Every animal has a challenge they must overcome, and of course they do.

I really enjoyed *The Year of the Monkey*. The illustrations are amazing. The action flies off the spreads. Max and the other characters are larger-than-life, full of spirit, energy, and emotion. I like the bright, active colors and the distinctive Chinese look some characters possess. What first caught my attention upon opening the cover was the bilingual English-Chinese text. This is the first book I have seen of this kind. A glossary of Chinese characters would have been a nice addition, but given that Chinese is much more than simple letters, a glossary might have been too much of an undertaking. The sport of jianzi is similar to hacky-sack, except in competition a net is used. The game plays much like badminton without the use of hands. I was confused when a poster announced the "shuttlecock" tournament, when in previous spreads the sport is called jianzi. I checked and both terms are acceptable for this game, though not explained in the text or in an author's note after the story. Consistency is a better tool. Boys and girls alike will love *The Year of the Monkey*. This is a fun story. The characters are not all Chinese "one girl is blond-haired, blue-eyed" making it easy for young children to see themselves in the story, nationalities aside. The series is interesting and unusual at the same time. Kids will learn of a new sport and through Max, the characteristics and virtues of the zodiac Monkey. I love that young children will learn kids are kids no matter where they live. Multiple themes claiming this adorable story including friendship, cooperation/teamwork, creativity, and determination. *The Year of the Monkey* or the book matching your child's Chinese zodiac "makes a good multicultural book for young children up to age nine.
