Synopsis

The Ultimate Bernedoodle Dog Manual will answer all the questions you may have when considering sharing your home with this mixed breed. Learn everything there is to know, including little known facts and secrets, and how to care for every aspect of your Bernedoodle's life. This manual contains all the information you need, from birth to the Rainbow Bridge, including transitioning through house breaking, care, feeding, training and end of life, so that you can make a well-informed decision about whether or not the Bernedoodle is the breed for you. If you already have a Bernedoodle, this book will teach you everything you need to know to make your dog a happy dog and to make you a happy dog owner. The author George Hoppendale is an experienced writer and a true animal lover. He enjoys writing animal books and advising others how to take care of their animals to give them a happy home. Co-Author Asia Moore is a professional Dog Whisperer, Cynologist and Author, living on Vancouver Island, off the west coast of British Columbia, in Canada, who believes that all humans and dogs can live together in harmony. She and her dog whispering team, which includes an 8-year-old Shih Tzu named Boris, teach dog psychology to humans, to help alleviate problem behaviors that arise between humans and their canine counterparts so that everyone can live a happy and stress-free life together.

Customer Reviews

Read it all the first day I got it and completely removed all of my "new puppy parent fears!" This book goes into detail about everything you need to know about raising your own bernedoodle

properly.

This book will give you the basics to owning a Bernedoodle, from choosing a Bernedoodle from a breeder to caring for and training one. It also has information on why the Bernedoodle is better than just a poodle or a Bernese. If you are a first time dog owner, then this is absolutely perfect! I even learned some things I didn't know before about dogs (for example, I didn't know that the Poodle was the second smartest dog breed, or that the Bernese originated from Switzerland!). Overall, this is a great guide for anyone considering a Bernedoodle for their companion!

I have a friend who works in a book store who has never once offered me "a copy" of a book, but that changed with Bernedoodles. "You have to read this NOW" she told me. So I was lucky enough to read this amazing book, and I couldn't agree more with authors . What exactly is a Bernedoodle? It's a cross between a Bernese Mountain Dog and a Poodle. Everything you need to know about Bernedoodles dog is inside this book. I can guarantee you if you read this book , you will learn a lot about Bernedoodles you can ever imagine. I learned a lot from this book, and look at my dog differently. By the end of this book I had the best ideas on how to care for my dog. Extremely good read!
