Kate, The Duchess Of Cambridge Royal Fashions Coloring Book (Dover Fashion Coloring Book)

Synopsis

Her Royal Highness models a gallery of regal fashions! Thirty pages of beautifully rendered, ready-to-color outfits feature ensembles made famous by the Duchess of Cambridge since her 2011 wedding to Prince William. Costumes include her stunning bridal gown, designed by Sarah Burton, creative director of the Alexander McQueen fashion house; as well as dresses created by Jenny Packham; Emilia Wickstead; and others. Captions include designers' names and color descriptions of the fashions.

Age Range: 7 and up

Grade Level: 2 and up

Customer Reviews

I bought this as a gift for my sister and I'm very pleased with it. The illustrations are lovely and very accurate to how Wills and Kate actually look IRL. Each illustration comes with a descriptive blurb underneath, telling the designer and describing the color, in case you want to color Kate's clothes true to their real life counterparts. I think my sister will really enjoy this and I can't wait to see her reaction when she unwraps it.

I bought this book mainly because I like Kate and wanted it as a keepsake. The pictures don't all look exactly like her but who cares, they are nice ones and it even tells you what color the dress

was that Kate had on and for what event. I really like.

You know you're a rock star when they make paper dolls and coloring books about you! Well drawn and brilliant for the Anglophile and royal watcher.

A nice coloring book with large, well drawn pictures, however, the pictures are on the backs of each other, and even with markers that are generally non-bleed through I did have some problems with bleed through. However, it was a fun book. I enjoyed coloring the fashions and I even made up pithy dialog for Kate and William to go with the pictures. Children eight and up, as well as adults, would probably enjoy coloring this book.

The pictures in this book don't look exactly like Kate Middleton but they are really well as well drawn and there are descriptions at the bottom of the pages that tell you what color most of the outfits are supposed to be . I really had fun coloring in the pictures inside this book because I like Kate a lot and there are decent amount of pictures to color. There's a lot of detail in the pictures as well. If you like the way the cover looks then you will enjoy the rest of the book . All of the pages have at least as much detail as the cover. Almost every picture is of Kate by herself but there are also a couple that feature William and one or two that feature her children. If you love Kate, then you should buy this coloring book it's a good piece of memorabilia as well as a great coloring book . I loved it and I'm sure you will too.

I bought this as a gift for someone who loves all things Royal. I had it sent to me and looked through the book and the pictures were very nice. Each one told who the designer of each dress was and what color it is. It's a great gift for someone who loves the Royal family or for yourself.

After reviewing this, I decided to try it out, didn't look too difficult. I chose the wedding picture and chose pencils as my work medium. THE MORE I DID, THE MORE I FOUND TO DO. AMAZING! As the paper felt a little thin, I thought I would try other mediums to see how they reacted. Glitter gel-pen was used on epaulettes and buttons; held well, did not seep through. I then used metallic gel-pen for make-up and hair. Still no weeping through. Then I went to a more challenging picture and tried a large assortment of mediums- no leakage. (I did not try markers!) Are you wondering why I'm so focused on weeping through?? There are pictures to color on both sides of a page, No perforations to make a page easier to remove. Very simplistic. I think this would be ideal for young

teenagers or, possibly someone choosing design & materials as they go through life. I like the royal couple and will, in time, finish this book, but it's more for teenagers and young adults.

This coloring book featuring the fashions of Kate, the Duchess of Cambridge could and should have been much better. Had I been able to examine it prior to purchase, I wouldn't have bothered. It looks as if it were thrown together without attention to detail or care for the subject matter. I was disappointed.
