Customer Reviews

I found this book at the Hotel Hershey and had to get more for gifts once i got home to read it. Lots of great recipes from the Hershey area, chefs of the hotel and local restaurants. We especially enjoyed the tidbits of history collected via the local historical society from Hershey residents and factory workers. To us, this makes the book much more than a cookbook! There are chocolate main dishes, choc cocktails, and more. Recipes range from the simplest to more complex. There is something for everyone. We love the vintage look to the book and the high quality paper too. A

great gift book.

My 7-year-old grandson and I both love books, chocolate, and cooking, so this was a real winner. We chose a recipe, shopped together for the ingredients, and made the Fun Dough. The whole family enjoyed browsing through the trivia. I was born in Lancaster, Pa, just south of Hershey, and remember trips to Hershey when I was growing up. We could tell when we were getting near. Those were the days before cars had air conditioning. We could smell the chocolate miles away! The book is excellent in its scope of recipes - something for everyone and for many occasions. Well written.
