Beautiful book.. a perfect match for the "You are my Sunshine". Easy to sing along with especially bc the breaks in the song is significant to the turning of the page. It warms my heart when I sing these books to him and he looks at me with his sweet lil smile. "You are my Sunshine" http://www..com/You-Are-Sunshine-Jimmie-Davis/dp/0545075521/ref=pd_bxgy_b_img_y

All of the books in this series are excellent! I love "reading" them to my one year old as I sing her the songs, and she loves hearing the songs while looking at the pretty pictures on the pages! They are her favorites, and she has A LOT of books!

This story is not long (it's literally just the song), but it's really fun. Our kids love when we sing this

story to them, and they even like to turn the pages and sing it to themselves sometimes. The illustrations are so well done, too. I definitely recommend it.

This was a gift for my great granddaughter and she loved it. I was afraid that she might get bored but she liked the different kids, different setting and the sparkling pages. Now we can read it together and she can recognize each word.

Darling board book! The little minds that absorb like sponges will love this! Also wonderful to start singing to & with your little one. This is one that is on my list to give as gifts for first time parents.

Simple, sweet, cute illustrations. The story is simply the Twinkle Twinkle Little Star song. Our daughter likes it because the illustrations are familiar to her (we have other Caroline Jayne Church books) and because the cover is shiny. We read it every day.

We gave this away as a party favor at our daughter's first birthday party. The quality and appearance of the book is very high, and is a good value for the price. The cover really stands out with its color scheme.

Very short. The silver on the front of the book is a thin foil type film that falls off easily. Not so great for a LO who wants to put everything in their mouth.
