Dinosaurs Live On!: And Other Fun Facts (Did You Know?)

Synopsis

Go back in time with this dino-mite book of fun facts about fossils, pterodactyls, the T. rex, and more! Did you know that the Tyrannosaurus rex was up to forty-two feet in length? How about that the Triceratops had between 400 and 800 teeth? Or that some scientists believe that chickens are descendants of dinosaurs? Filled with tons of cool facts about dinosaurs, plus colorful, humorous illustrations, this book is sure to be a prehistoric hit!

Grade Level: Preschool - 3

Customer Reviews

Any child (or adult for that matter) who is fascinated by dinosaurs will adore this little paperback crammed with fun facts about these prehistoric creatures. Not only will you have fun dazzling your buddies with this esoteric knowledge but who knows; it may come in handy some time if you are ever a contestant on "Jeopardy!" The colorful, humorous cartoon illustrations only make a good book even better. Don't miss out...get a copy of this book now so you won't be the last one in the neighborhood to know that Tyrannosaurus Rex could gobble up 500 pounds of meat in a single bite. That would be about 2,000 hamburgers at a decent restaurant (probably 4,000 at a fast food place!!).
