## Customer Reviews

While I don't know how popular the TV series actually was, my four-year old loves watching Battle Force 5. The book supplements his interest in the series with information about the characters and the back story. This book is geared more for 6-8 year olds, although I was disappointed in the numerous grammatical issues ("From the top rating Hot Wheels TV show", "The team need to find...", etc.). But for a young person, it's a fun way to read about something you enjoy watching.
