Customer Reviews

El libro es fácil de leer con muy buenos ejemplos. Sigue una historia sencilla de fácil lectura. Excelente los ejemplos y la manera de explicarlos. Bruno ha realizado un excelente trabajo al escribir este primer libro.

Excellent book. It's Book talk very good about Scrum with Visual studio. And give you a very good vision about the administration of your source code on the scrum

Muy escueto, no dice nada nuevo. Poco serio, tanto chiste hace la lectura fastidiosa. No hay tips ni nada. No me ha gustado.

Guía muy práctica! Es una muy buena introducción a Team Foundation Service y los ejemplos son muy prácticos. Muy buen trabajo!

Sencillo y conciso
