Night Moves

Synopsis

From New York Times bestselling romance author Nora Roberts comes a classic tale of passion and peril. Maggie Fitzgerald had retreated from her fast-paced life, seeking solitude to heal her tattered heart. But if landscaper Cliff Delaney's rude manner and irresistible sexuality weren't disturbing enough, now an old murder shattered her peace entirely, imperiling her life and forcing her right into the protective arms of the most irritating man alive! Delaney's night moves were enough to make even the saddest woman smile—but were they also those of a killer?
