Where Is Baby's Nose?

Synopsis

Help your child learn the parts of their body with this fun-filled interactive book. Each page features a cute baby and a question such as, "Where are Baby's eyes?" In this example double-tapping on the right eye will pop-up a box that says, "This is Baby's right eye." and double-tapping on the left eye will pop-up a box that says, "This is Baby's left eye." The best part is this "book" never gets dirty or torn so you and your child can play over and over. Take a "Look Inside" to see some of the cute babies. Note: The double tap feature is not active in the "Look Inside" mode.
