Customer Reviews

Outstanding material! Gabriela did a really good job packing all the important steps that you need to do as new immigrant to get a job. The book is straight to the point with zero fluff. Every single line brings value. Make sure to pay closer attention to the Chapter about job interview - it reveals real secrets that will help you get a job quickly. I can clearly see that Gabriela has a lot of experience in this field. BTW, all tips shared in this book will also work for immigrants in other countries. So, even if you are not in Canada you will also get a lot of value from this book.

This book is an exception among similar literature! It is a must for the newcomers in Canada or for the "wanna be" immigrants. This is a serious, "clean cut", easy to read book. A "rara avis" advise book targeting the people who want to succeed in the New Land!

This book is a comprehensive guide to everything you need to get started in a new culture. I say new culture because while the guide is focused on those arriving in Canada, there is no reason that many of the principles and resources listed in the work could not be used anywhere.
