Compound Interest: 10 Financial Truths To Protect Your Wealth (The Other Side Of The Coin)

Synopsis

Compound Interest, according to conventional wisdom, possesses seemingly magical powers to build wealth. For the vast majority of us, however, the magic becomes a shattering disappointment because we simply don't understand how wealth building really works. Will Duffy clearly separates the fantasy from reality by laying out ten financial truths that enable us to build and protect our wealth. Will Duffy's 10 Financial Truths expose the major practical flaws in the theory of compound interest. Now you can recognize these pitfalls and roadblocks and change direction. This is the first step towards receiving consistent positive returns over time. This is where true long-term financial security begins.

“from the Foreword by Ed Slott, CPA and New York Times Bestselling Author

Fully understood and applied correctly, uninterrupted compound interest is the Eighth Wonder of the World. The best part is that you can experience uninterrupted compound interest in your life by following just a few easy steps, but very few know what those steps are. Will Duffy hits the ball out of the park with these ten enlightening truths about this foundational financial concept.

“Bryan S. Bloom, CPA and author of Confessions of a CPA

“Why What I Was Taught To Be True Has Turned Out Not To Be

Will Duffy has done a great job of helping you look at some partial truths that are in the marketplace and gain the rest of the story so that you can make better decisions with your own money.

Kim D. H. Butler, Founder, Prosperity Economics Movement

Don't wait another day to regain control of your hard-earned savings. Have you been kept in the dark about how wealth building really works? Knowledge is power. The truth will set you free. This is not a game of chance, unless you choose it to be. Take control of your financial plan today.

Customer Reviews

Will's book is written SO clearly, I want all my clients to read it. It spells out the alarming cost and impact of fees on investments, as well as other things that erode our wealth. Sometimes the best way to build is to stop all the leaks, and one must know what those leaks are in order to do so.

Will Duffy offers an insightful glance through "The Other side of the Coin" on compounding interest. His passion and experience within the financial industry is showcased in this book along with educating almost all demographics on how you can make YOUR money grow! Well worth the read!

This book is a concise read and easily accessible to even financial novices. Will Duffy explains with clear illustrations and examples some of the commonly overlooked factors in investing that can have significant negative impact on how much your money grows. Read it. You won't be disappointed.

This book provides easy to understand, basic, foundational truths about investing I have never seen anywhere else. And at \$7.99 could save you hundreds of thousands of dollars and make a huge difference in you and your families financial security. Do not pass this one up because it's not just highly recommended - This book is mandatory reading.

Will Duffy is a leading expert in the country on the subject of compound interest and collateralization. As a former practicing CPA, I saw people losing tens of thousands of dollars in taxes for the very reasons Will writes about. This book is a "must-read" for anyone interested in growing and preserving their hard-earned money. I can't wait for the next book in "The Other Side of the Coin" series!
