"E" Is For Evidence (A Kinsey Millhone Mystery)

Synopsis

Kinsey Millhone, P.I. is a 32-year-old, twice-divorced ex-cop with an irreverent, wise-cracking style reminiscent of Philip Marlowe - and a great pair of legs - who piles her trade in the small Southern Californian town of Santa Theresa. Make no mistake about it, Kinsey Millhone is one tough cookie. When a routine insurance claim she's investigating turns into non-routine trouble - someone has put \$5,000 in her usually not-too-flush checking account and made it look like she's on the take - Kinsey sets out to discover who has set her up and why. The trail of evidence leads to the wealthy Wood family, which includes the three quirky sisters Olive, Ash, and Ebony. But she's not counting on the involvement of her long-departed ex-husband #2, who's gorgeous, seductive and also a junkie. And she's certainly not counting on murder . . .

Customer Reviews

I didn't read Kinsey Milhone in order of the alphabet - I started at about M and went backwards and forwards as I bought the books. I have been gradually piecing her life together as I go and E is for Evidence was the last one I've turned up (P isn't due out for another couple of weeks) and my goodness this is good - I think it must go to the top of the pile as the best of her books so far. The mystery is complex, Kinsey's personal life so intertwined with the mystery that it is hard to pick your way between the two, and it is written in classic Grafton style without pathos and self-pity. After having finished I was thinking over the themes which underlie this book, Kinsey's aloneness, her fear of betrayal, her past betrayals and lack of family - they are all cast into stark reality with the coming of Christmas and New Year - a time when family is the most important. Yet the telling of the

story left me without feeling sorry for Kinsey (I tend to be the sort of person who cries at television ads) because Grafton produces such a strong, sympathetic and real character in Kinsey. It is hard to feel sorry for her as she rejects sympathy - even from her readers. I think it shows Grafton's incredible skill as a writer. As a story this book just knocked my socks off - it has layers like you wouldn't believe, and kept me guessing until almost the very last page as to what was going on and what was going to happen. Kinsey Millhone is given a file to check out an insurance claim on what seems to be a straightforward fire at a company Wood/Warren. The Wood family are old friends of Kinsey's from way back and all seems in order when she checks things out.
