Customer Reviews

This book contains lots of catchy songs, which can be used for everyday. I've used a few of them in my classroom and the children seem to love it. There are a few action songs which really help me entertain kindergarteners. Along with this book.. you should get *diez deditos* and *De Colores*. They're written by the same author. The author also adds some notes about the songs, and cute little diagrams which help you with the actions. This is an excellent book to a kid's or a teacher's library.

these books and cds are fantastic for learning a new language song has really helped me with my pronunciation and is fun
