Mein Kampf - My Struggle: Unabridged Edition Of Hitlers Original Book - Four And A Half Years Of Struggle Against Lies, Stupidity, And Cowardice

Synopsis

Mein Kampf (â œMy Struggleâ •) is a political manifesto written by Adolf Hitler. It was his only complete book and became the bible of National Socialism in the German Third Reich. It was published in two volumes, which dated 1925 and 1927. By 1939 it had sold 5,200,000 copies and had been translated into 11 different languages. The first volume, entitled Die Abrechnung (â œThe Settlement of Accounts,â • or â œRevengeâ •), was written in 1924 in the Bavarian fortress of Landsberg am Lech. Hitler was imprisoned there after the unsuccessful Beer Hall Putsch of 1923. It describes the world of Hitlers youth, the First World War and the betrayal of Germany in 1918. It also expresses Hitlers Racial ideology. According to Hitler, it was necessary for Germans to occupy themselves not merely with the breeding of cats, dogs and horses - but also care for the health and wellbeing of their own Bloodline. The second volume, entitled Die Nationalsozialistische Bewegung (â œThe National Socialist Movementâ •), was written after Hitlers release from prison in December 1924. It outlines the political program of National Socialism and includes the measures that National Socialism must pursue in both gaining power and in exercising it thereafter in the new German Reich. In this book Hitler describes an ideology which according to him must shake the world from its slumber. An ideology which is based on the Eternal Laws of Nature. Here you can notice how the foundations of Social Darwinism have been applied in practice. This book has set a path toward a much higher understanding of the self and of our magnificent destiny as living beings part of this Race on our planet. It shows us that we must not look at nature in terms of good or bad, but in an unfiltered manner. It describes what we must do if we want to survive as a people and as a Race. We have to understand that Nature does not forgive weakness and that the truth and reality is what it is, no matter how bad it may seem or how hard it can portray itself. This book shows the foundations of White Resistance and White Nationalism. It is the foundation and seed for the preservation of our Race. Be advised that this book does not represent the full Racialist ideology, but it is only a foundation as the Origin of Species is a foundation for the Theory of Evolution. James Murphy translation is OFFICIAL NSDAP translation.. NSDAP have paid Murphy to translate Mein Kampf...

It's hitler at his early years. A good read with some insight into a "unique" mind. This book is big but i knew this ordering it. Wanted to read it once to get it out of the way as "one of those books to read before you die" and I'm always in the market to gain some insight or learn a few things. Read it with a glass of almond milk and cookies for extra fun.

If you read this book with focus, objectivity, and equip yourself with the tools for critical thinking, you will gain much insight into the causes of these endless wars and social upheavals that plague the planet today. Good luck,

Mein Kampf without the biased views from the author. Many versions I read always had the author running his/her mouth about how evil and diabolical Hitler was without even digging deep to understand him to the fullest. No I'm not a NSDAP synthesizer or a National Socialist and sure they would've hated me but do I have the right to hate a man I never met? Great book!

On one hand it's a awful read. On the other it's a must read for anybody interested in WW2 and how WW1 was a catalyst for much of Hitlers Beliefs and a prelude to WW2. If you watch the Military Channel, you are already ahead of the game as far as reading the book. Which actually helps in the understanding of Hitlers thoughts and words at the time written.

I purchased this book as a gift for my daughter. She is a history major and really interested in the World War II era. She is really loving this book. She is learning a lot about Hitler and what drove him to be the way he was.

It's hard to say you like a book by Hitler, but I think it is important to read this because it explains the madness behind the crazy man. It is very disheartening and scary even.

BEWARE this edition unless you are a Nazi sympathizer. There are advertisements in the back of the book for pro-Nazi clothing, cd's , flags, etc. The summary on the back of the book makes statements like "This book has set a path toward a much higher understanding of the self and of our magnificent destiny as living beings part of this Race on our planet." and it is NOT a quote taken from the book. I wanted an accurate translation that is unabridged but I'm not interested in giving money to defenders of Nazi ideology, so I am exchanging it for the (more expensive) Ford translation instead.

Great read. Interesting.
