Customer Reviews

Among the student books, these ones from Yamaha are the best. However, I wonder if they could make them more different depending from the instrument. They are basically the same whatever is the instrument, trumpet, sax, clarinet.

Item came promptly, and was in new condition. Overall, it was the most helpful book among the several I bought. I use the fingering chart regularly.

This will make a great addition to my collection of other instrument books, since I play many. I am glad for this book.

Good but difficult to view on a tablet with the kindle app and not formatted correctly to use on a laptop with the kindle app
