Customer Reviews

We sent this to our 8-year-old grandson for his birthday. It was the first gift he opened, and his parents said it might as well have been his only gift! He loves it, and spent a lot of time reading it even at his party.

my grandson is a Lego Chima addict. So, this book satisfied his craving.

My son LOVED this book and I actually bribe him to do homework before playing with his toys by promising to let him read this book when he's done- price is fantastic, too.

Just like all of the Lego encyclopedias and dictionaries, this is another great book that any child (or adult) interested in Chima will enjoy

If you are into LEGO Legends of Chima this is the book to get.

grandson was very excited about it - takes it everywhere.

bought this for a 6-year-old chima-loving boy...he loved it! not only did it include a small chima figurine, the book contained lots of pages of interesting chima facts he was excited to read about.

My boys (ages 3 and 6) love this book. The 3 yr old spend a good portion of his time just looking at the pictures of the characters saying 'good guy', 'bad guy'. Glad I purchased it for them.
