Customer Reviews

Hilarious and unique. From the same guys who gave the world Pidgin to da Max and other Hawaiian 80s classics, this is more of a primer than a cookbook, though it does have recipes throughout. Same format as the Pidgin to da Max series, an illustrated glossary with jokes and visuals. My favorite is for the tilapia fish, written in 1986: "Local fish with a bad reputation and a bad smell. Lives in dirty water and eats stuff that we don't talk about here. We hear there's lots of research being done and money being spent to popularize tilapia as a food. Good luck."

I'm from Hawaii but my bf is not so I got him, pupus to da max, and the two pidgin to da max books for him to kind of understand pidgin when we visit my parents in Hawaii, he loves the books, they're fun to read and the pictures are hilarious.

Bought to complete the "to the max" set. Not as good as the "Pidgin' to the max" books.

Fun and great for parties whether themed or not.

brings back memories of home. great.

Good book.

Great for guest. Laugh your okele off as the toons and their captions are hilarious. Good solid words and definitions of island grinds [food for you haoles]. A must have for mainland locals. Warning: will make you hungry for local grinds

AAA+++
