Racing Driver: How To Drive Racing Cars Step By Step

Synopsis

An interactive introduction to car racing that recreates the immediacy and excitement of being behind the wheel. *Racing Driver* is a thrilling training course that shows children how to drive the world's fastest cars. Filled with stats and facts, the book includes basic mechanics and driving tips on track and off-road racing. Young readers who dream of becoming racing drivers can pore over cars and voraciously compile information. The "Pit Stop" section looks at car engineering and the science of driving. "On the Track" puts readers behind the wheel of a variety of vehicles—including stock cars, F1 cars, and sports racers—and shows how to speed off the grid, negotiate corners at high speed, and deal with spins and skids. There are also ID guides to different kinds of racing cars, including historical models. With a wealth of accurate information and a hands-on approach that will appeal to children, *Racing Driver* brings the excitement of a popular sport to life for the younger generation. Illustrated in color throughout.

Age Range: 8 - 11 years

Grade Level: 3 - 5

Customer Reviews

This book provides helpful tips on how to become an expert race car driver, with behind-the-scenes information. It also has many interesting facts about different types of cars and races. Kids would enjoy the book's step by step driving instructions that make you feel like you are actually driving a car on a race track. My favorite parts of the book were the photos of the crazy and different types of race cars, such as an upside down car and a solar car! This book was better than other books I've

read because it had so much information and a driver's quiz at the end, so that I could test myself. Review by Young Mensan Isaac V., age 7, Mensa Hawaii
