Master The Catholic High School Entrance Exams 2016-2017

Synopsis

Peterson's Master the Catholic High School Entrance Exams is the comprehensive test-prep book for scoring high on Catholic high school entrance exams. The book includes a Diagnostic Test to help students determine their strengths and weaknesses PLUS 6 full-length practice tests (two each for the HSPT, COOP, and TACHS), with detailed answer explanations and valuable test-taking information. Peterson's guide covers all test formats, test scoring, and types of questions, including expert tips that guide students through verbal and quantitative exercises. Step-by-step coaching for each type of question on the exam and plenty of test-taking tips allow students to feel confident in their abilities when test day arrives. Easy-to-use self-evaluation tools allow students and parents to track progress and develop a timetable for study.

(<http://www..com/Master-Catholic-School-Entrance-Exams/dp/0768937973>) This a test preparation book not War and Peace, we were expecting at least some superficial change...

Lot of interesting questions. Even if you are not applying to private high schools, these questions make you think. I My daughter solves couple of pages every day. The math questions are easy, the logical questions are really great. You can do one page in a car drive. Definitely recommend the

book for 7th and 8th graders. My daughter goes to private schools as the school system in my area in Northern California is very bad and this book is very useful in guiding for private high schools. Excellent price also!

Excellent prep book for the HSPT. Includes descriptions of each section of the test, great tips for how to complete the questions, and many practice exercises. The multiple practice exercises and tests allows for students to have a variety of questions to prepare for their test. I highly recommend this book!

This is an amazing book for 7th-8th graders. My daughter wants to study for the Neumann Scholarship to her choice of a catholic high school. It has a bunch of useful, and hard things inside. Definitely recommend. It will truly prepare your child for the years ahead, and will make them feel more confident about it all.

We used it to help my son studying for his HSPT. He got into both schools of his choice. Very helpful. He said the actual HSPT test was easy because he was able to work on the practice tests.

Did a good job of preparing my 8th grader for his test. The related application (costs \$6, I believe) was also helpful in building his vocabulary on short notice.

The book is great. My daughter will be able to study and test better.

My granddaughter used this book to ace the entrance exam.
