Customer Reviews

Very good 3D book! For the most part, the depth of the graphics works really well. Some pictures are better than others. Lots of pages! It's a great book for a young kid, especially those with a fascination with all different types of vehicles (it's NOT a monster truck themed book).

Great 3D, pictures really pop out. Recommend.

This was purchased for my grand-nephews. I was told they absolutely love it.... each and every time they watch and re-watch it!!

My Greatgrandson who is 4 loved this book - he was so excited at the pictures.
