Out On The Porch Calendar 2009

Synopsis

With over one million copies sold, the Out on the Porch calendar is a celebration of the good life. Of ice-cold lemonade on hot summer afternoons. Of the rhythmic thump-thump-thump of a beloved rocker. Of beautiful views and pure, put-up-your-feet relaxation. For 2009, kick back on a dozen fantastic porches, porticoes, and verandas (in your imagination, at least). A charmingly rustic terrace in New York's Hudson Valley. A Bahamian porch swathed in green, pink, and yellow. And a sweeping Maine veranda with gorgeous ocean views. Photographs are accompanied by porch quotes from literature, and you can share the tranquility using the twelve full-color postcards included.

Customer Reviews

This used to be a wonderful calendar. However, Algonquin redesigned it in 2008, and it became garish, frenetic, and in all other ways, ugly. Unfortunately, a friend who didn't know any better gave me this year's version as a gift, so I can see the publishers opted to not listen to all the complaints posted last year, and have repeated all the same mistakes. It's already in the recycling bin, and I've ordered Willow Creek's "A View From the Porch" as a replacement. Hopefully, my friend won't notice the change, but I simply couldn't stand looking at Algonquin's version every day, particularly when knowing how beautiful their calendar used to be.

Fine for a very large size wall calendar. Make sure you have the space to accomodate the size of this item.

I order the porch calendar each year. Being from the country, we had a front porch and back porch. That was when I felt the most comfy, at home feel. Now I can look at these pictures each month and feel "warm & fuzzy" again. The materials are sturdy and will not tear at the first amount of pressure. The pictures are rich, vibrant and real, so that you feel like you are right there! Also as a bonus, you get 12 postcard size pictures of the same. I plan to frame mine or place them in a photo tray for display. Really nice!

Been buying this calendar since the "Out on the Porch" book first was published. Although I liked it better when it included literary quotes with the pics, I find the lovely photos of porches calming whenever I do a date check. Thanx, , for making it so easy to find -- my disappointing annual store searches are over.

Love this calendar...beautiful pictures...big enough to write important dates on it. Looks great in my kitchen in the wooden holder I have. I took the most inexpensive delivery option but it took longer than expected to receive in the mail. I ordered on 1/14 and didn't receive the calendar until 2/12.
