Will Power! A Biography Of Will Smith

Synopsis

Hip, flip and smart as a whip, Will Smith is living the American dream -- but it didn't come easily and it wasn't free. Turning down a scholarship to M.I.T. in order to pursue his music career, he rapped his way to Grammy-winning fame and fortune before he could vote. He talked his way into a TV series before his 21st birthday. And then, he got serious -- as in a seriously successful, stereotype-smashing, big-screen star.

Love! Love! Love! This book and Will Smith!!

I read this book at a difficult time in my life. My mother had died days before, and I was sitting in the closest weeping, when by my foot lay a copy of Will Power! I wiped away the tears and began to read, expectantly, looking for answers. I was inspired and enraptured to say the least, and my life suddenly took on new meaning. I could breathe again, I could sing again. I began to rap involuntarily. I could not stop rapping, until musical ecstasy permeated every pore of my being. I was liberated at last from the sorrows of my recent loss. Thank you Will Power! for changing my life forever.

only 4 words, It Is The Best
