Customer Reviews

I bought this book for my Mozart collection. It is a very good little book, it is for the younger ones so they can get to know Wolfgang Amadeus Mozart. The book contains a nicely detailed biography about the big musical genius. It is easily worded, so a younger child can also understand it. It also contains very nice illustrations in black and white, I think the illustrator got inspirations about Amadeus, because the characters look like the actors in the movie *Amadeus*. They are very beautiful. Special thanks for the list of his more famous works on one of the last pages with KÃ¶chel number too. All in all I think it is a very good book for young children to get to know a big master of the classical music better, I would recommend it as a first book about Mozart, or a part of a collection.

This is a children's book and I found it very nicely done and it should hold their interest and perhaps inspire a child to play an instrument.
