Customer Reviews

This book cover popped up on a Facebook group online, and I immediately knew I had to have it. I watched and waited for it to be released to , then I snatched it up (as soon as payday came, lol). This coloring book is PERFECT for adults who are intimidated by the "adult coloring books" with intricate patterns and fine lines. Nothing against that style of coloring book, of course, I have some myself... but sometimes you just want to bust out a children's coloring book because you don't feel like squinting! This is great, because while being overly cutesy, they're definitely not for children. You get a laugh out of each page. These critters are perfectly foul, lighthearted enough to be phrases that you could hear on an everyday basis (around the right kind of company of course). There are even two pages of Color Test Squares in the back, which is actually really neat. I can't count how many times I've started coloring and regretted my color choice because that's not the color that shows up. I haven't colored in the book yet, but I'm definitely excited... Yo-Ho Yo-Ho, it's off to color I go!

I love this coloring book. It isn't as intimidating as some of the more detailed coloring books I've tried, and it is absolutely hilarious. The animals are super cute- especially with their "big mouths". Can't wait to put them up on my fridge!

I love it
