Oh boy, if you are on a trip with a bunch of wiggly, disgruntled kids who can't wait to get to their destination then this may be just what you need to ease the pain of the refrain...."Are we there yet?" Lonely Planet Kids has just the book for you. It is portable, colourful and crammed full of word games, solo games, silly games, memory games counting games and much, much more. It has many difficulty levels so the whole family can join in on the "let's bust the boredom syndrome" event. The lovely thing is that no pens, paper or dice are required, all you need is the book itself and a curious, creative spirit to engage in the fun. And guess what? Answers are included at the end of the book. Hurray!!! If questions and activities are not solved (and quickly), it could be a really, really, really, long trip. So brilliant that they are included.
