I really like this cookbook because it has good recipes and excellent instructions for each step of the recipe. I am a beginner at stir-fry and using this cookbook has given me confidence as well as much help. The recipes aren't too challenging, thanks to the accompanying instructions and this cookbook has been a good help to me. I recommend it to all stir-fry enthusiasts.

I like this book for two reasons, one, i'm old and can prepare a one dish meal for one person and the other because I'm using only fresh ingredients except for condiments. I recommend this book to everyone who will listen including my family.

Love it!! Love the way it's arranged with ingredients at the left in green, all the tips, the numbered instructions which are easy to read and follow and the section on essentials. Love also, the recipes on marinades and sauces - a real plus. I didn't know it was important to marinate, not just for flavor but for the tenderness of the meat. There are a good many items I'll need to buy to be able to stir fry like the Chinese restaurants do and have it taste like that. I thought I'd only need soy sauce, meat and veggies to stir fry. I was wrong.

Trying to get healthy is difficult after a lifetime of overdoing it. I have used these recipes a great deal and am grateful for the ease and completeness of the meal in a short period of time (I am not a patient cook). The food is more flavorful than I anticipated and the prep fast and easy.

Stir Fry is a absolute breeze with this cookbook. I am glade I purchase this book through . All the recipes all easy to follow and I never would have imagine I could cook like the chefs in the restaurants, this book is a must have plus you get the benefit of eating healthy.

This is a terrific book with all kinds of terrific stir fry options. I like the fact that there are a lot of different sauces. Just tried the citric stir fry sauce. It was delicious.

Nothing that intresting in it for me. Have a better chinese cooking book. Not enough pictures of finished dish.

I purchased this cookbook to go along with the new wok as a birthday present. He has been using his talents and presents daily.
