## Customer Reviews

I have had this book for 9 yrs and I love to play the arrangements in this book. The CD accompaniment is very beautiful it sounds as if I am playing with a full orchestra and it feels good. I use this book to help some of my flute students overcome their shyness in performing in front of people. Sometimes I get a little emotional when I play some of these pieces because I sing these hymns in church. It was a good investment and always popular for church, weddings and birthday parties.

I sent this back because it was not what I was looking for at all. The arrangements are very simple. I gave it two stars because I absolutely hated the accompaniment. It sounded like a synthesized orchestra. However, this may be good for a beginning flautist. I am intermediate/advanced.

Used this book growing up. Lost it, but so glad I found it on here! Great transaction. Just as described.
