McGraw-Hill Specialty Board Review Dermatology A Pictorial Review 3/E (Mcgraw-Hill Education Specialty Board Review)

Synopsis

Nearly 600 full-color illustrations review the full spectrum of clinical dermatology "Ali's book is a much-needed, succinct, accessible and affordably priced overview of clinical dermatology that will be a tremendous aid to dermatologists in training and those seeking a quick review of commonly tested subjects." -- Journal of Drugs in Dermatology (reviewing a previous edition) Delivering 598 full-color illustrations, 400 multiple-choice questions, and concise, bulleted text, this is the perfect review for dermatology-related questions on board examinations or when preparing for certification or recertification. Dermatology A Pictorial Review offers comprehensive yet succinct coverage of the diagnosis and management of common dermatologic disorders, as well as some less common, but important dermatologic conditions. Here's why this is the single-best review of clinical dermatology available today: 598 full-color photographs for a complete overview of clinical dermatology 400 multiple-choice questions with detailed explanations for correct and incorrect answer choices A consistent design featuring full-color photographs side-by-side with high-yield bulleted text An effective chapter organization that includes principles of diagnosis, differential diagnosis, and therapy

Customer Reviews

I really wanted to like this book. I was looking for an updated and more comprehensive review than the widely used Jain book. While there are topics that are more comprehensive, there are also a few

that are curiously absent. For instance, there are no sections on acne or cutaneous lymphoma. Otherwise it's pretty good.
