Customer Reviews

Like the "Rub and See" books, these two "Look and Find" books are perfect for teaching the young and not so young about Bible stories! Each page describes a passage from a different Bible story, and tells the verse where you can read the story in its entirety. What makes these Bible story books different, are the hidden objects you are asked to find on each page! I don't know about you, but there's something about "look and find" books that make them fun for all ages! In addition, children can color in each Bible story picture when they've located all the objects - or they can do that first! Either way, these books are sure to be a great hit! Highly recommended by MyParenTime.com. Recommended for children over age 5.

This was a present to my nephews who liked it. I wish it had had more items to find per page.
