Customer Reviews

Some of these guys are okay. The poses are the same and there's no imagination in style, positions, allure or anything. Just guys standing around without a shirt in a generic background. I was not impressed.

WARNS that there is male nudity, but there is only nothing but shirtless men here. Was hoping for tasteful erotic nudity. Don't bother. You get more from a calendar

Not fully as erotic as some photo shoots but certainly some good images. The models poses seem more likely a part of their portfolio than who' what and why they are posed as they are within this book. I certainly would like to view more of Timothy Fortner's photography comparing his early work to his latest work. He does have a good eye for male eye candy.
