Customer Reviews

Book is in great condition. Bit of a mystery waiting for its arrival, had no idea it would arrive via Royal Mail...seller should specify that in description. Took about 3 weeks to receive. Inside was an opened set of OLD, MUSTY, Stale Rice paper sheets...this should have been discarded before sending book. Other than that..happy.

When the book I ordered didn't show up, well after anticipated date, I contacted seller. I asked "where's my stuff?" Instead of tracking info that I requested, they simply refunded the purchase & shipping. No questions asked - or answered. I am only giving a poor rating because of no tracking and poor communication. I contacted them in an effort to solve a problem rather than give poor rating without them having a chance to fix things. Instead, just a refund, and I don't have the book I wanted. I think they should always have a tracking number so what is ordered can be found. I've had many books from other places delivered without a hitch. The "lost" ones could always be tracked & recovered.

nice
