I have found this book to be very helpful for group study and discussion. It covers the life and ministry of St. Paul. Each chapter ends with discussion questions which helped us to look at our own lives in the light of Paul's writings.

I used this book to mentor a college age student. It is a great book to mentor with because it has a lot of scripture with commentary after that section there is a section of application followed by small group questions. It makes it easier on me because I don't always have to come up with all the questions. I feel that this book is good for both young and old in your faith. We will be using more Men of Character books in the future.

Very good and simply have some much admiration for Paul. The angle the author took was a little different than what I was expecting but simply love Dr. Getz. I have read several books by him and they are all very good.

This is an excellent book on one of the major proclaimers of Jesus Christ and the life in Christ. It is a wonderful read but even more important it is a great tool. I have made several orders of this book that I have given to friends who are growing in their personal journey in this life. As a matter of fact, I need to order several more copies.

Our men's group at my church studied from "Paul: Living for the Call of Christ (Men of Character Series)" / We have found it very informative and enlightening.

Reverend Getz included Insightful words and clear explanations concerning the life and ministry of Paul. I enjoyed the study very much.

This book was very thought provoking and full of information. I would recommend this book for anyone wanting to study Paul.
