# Interpreting The Landscape From The Air

## Synopsis

Since the first popular "Time Team" program was broadcast, its chief archaeologist, Mick Aston, has been taking aerial photographs of the English landscape. The best of theseâ "nearly 250â "are presented here to provide a unique insight into understanding the history of England. Mickâ ™s subjects range from prehistoric Cheddar Gorge and Stonehenge to Hadrianâ ™s Wall and other key Roman sites, through medieval towns, such as Winchester and York, as well as deserted medieval villages, to country houses such as Blenheim and Badminton.

## Customer Reviews

If you are a fan of Time Team, this tome will be a great complement to your understanding of how Mick Aston used landscapes to understand how to develop a site archeology. This book will definitely remain part of my library.
