## Customer Reviews

Attached to this review will be a silent flip-through of the entire coloring book and some sample photos so you can make an informed decision as to whether or not it will work for you.The coloring book is based on various books and novellas in the series of books by Sarah J. Maas. I won't discuss whether or not this coloring book what is I expected from the books but rather how I feel

about it as an adult coloring book in its own right. The coloring book has 46 different designs from different stories. The designs are by three artists Yvonne Gilbert, John Howe, and Craig Phillips. One of the three artists did not quite match in look and feel with the other two and it gave a slight discordant vibe to the book as I look through it. While I won't detract in my overall review for that, it was certainly noticeable. Most of the designs are quite beautiful and elegant. The designs are quite detailed and many of them have intricate and tiny elements to color. What is nice about this book is that the designs are printed on one side of the page with excerpts from the book on the opposing page. That allows me to use any form of coloring medium I choose without worrying about whether or not it will ruin a design on the back of the page. This is what I found while coloring in this book and testing the paper with my coloring medium. I will list, in the comments section below, the coloring medium I use for testing and coloring.

46 Throne of Glass Designs by three artists

Printed one side of page (with book excerpts on the back of the page)

Paper is heavy weight, white, ever so slightly rough, and perforated

Sewn binding

Designs are printed beyond the perforations and merge into the binding.
